

WOOD PRODUCTS:

BASIC DOCUMENTARY REQUIREMENTS FOR CUSTOMS ENTRY

Commercial Invoice: A Commercial Invoice is required to include many elements of information needed to inform Customs of the details of the transaction between you and the seller. Information required on the Invoice is as follows:

- The full name and address of the seller and the consignee (buyer) of the goods
- the terms of sale with the currency used and exchange rate (if agreed to)
- The country of origin of the goods and the language used on the Invoice must be English.
- The articles should be described in terms sufficient to allow a layman to determine what the articles are.
- Quantities of each of the articles must be declared along with the unit values and extended values.
- Weights and measures of the articles are required if they are necessary to ascertain duties or Quota issues.
- Discounts must be clearly shown.
- The following charges must be indicated and noted as to whether or not they are part of the invoice value:
 - packing costs
 - ocean or air freight
 - marine insurance
 - Assists
 - buying and or selling commissions
- The name of a responsible employee of the exporter, who has knowledge of or can readily obtain knowledge of the transaction, should be shown on the invoice document.

Packing Lists: Information required for Customs normally found on a packing list includes:

- Marks and numbers of all of the cartons, pallets, drums, etc. in the shipment
- The measurements and gross and tare weights of each item.

The importance of this information is magnified if Customs elects to examine a portion of the imported cargo.

Bill of Lading: A Bill of Lading or any other document that shows evidence of your right to make entry to Customs is required. Generally a Bill of Lading or Airway bill is tendered to Customs to show right to make entry. The Bill of Lading should indicate the notify party so that this party may be notified on arrival of the freight at the port. If an original bill of lading is issued, one of the Originals must be endorsed and tendered to the Steamship Line. We suggest that your surface shipments move under Waybills or Cargo receipts to avoid any delays caused by Steamship hold on your shipment. Special note on your Airfreight shipments: You should insist that the AWB and HAWB show you as the consignee. Avoid having a bank, shipper or 'To Order' consignee.

Wood products:

1. Wood sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or finger-jointed, of a thickness exceeding 6 mm (lumber), classifiable under Chapter 44, Heading 4407, HTSUS, and wood continuously shaped along any of its edges or faces, whether or not planed, sanded or finger-jointed: Coniferous: Subheading 4409.10.90 and Non-coniferous: Subheading 4409.20.90, HTSUS, and dutiable on the basis of cubic meters- Quantity in cubic meters (m) before dressing;]
2. Fiberboard of wood or other ligneous materials whether or not bonded with resins or other organic substances, under Chapter 44, Heading 4411, HTSUS, and classifiable according to its density- Density in grams per cubic centimeter (cm);
3. Plywood consisting solely of sheets of wood, classifiable under Chapter 44, Subheading 4412.11, 4412.12, and 4412.19, HTSUS, and classifiable according to the thickness of the wood sheets- Thickness of each ply in millimeter (mm).
